## **Ramsey County yard waste sites ready for fall rush**

Summer's waning and leaves are changing and falling from trees. That means, it's time for fall cleanup! Don't forget that there's a free yard waste site near you to drop off leaves, grass clippings and other yard waste. Simply bring it to one of our sites. Remember to bring your bags, boxes and other non-compostable items home with you.

Quick tips:

- All seven yard waste sites accept leaves, grass and garden waste.
- Select yard waste sites also accept shrubs and branches. Check [RamseyRecycles.com/YardWaste](https://www.ramseyrecycles.com/yardwaste) for locations.
- Watch this "[how to](#)" video for what to expect.

[Sign-up](#) for yard waste updates, so you can receive a free notification whenever these materials become available.

Open to Ramsey County residents. Select sites also open to Washington County residents.
